Subject: Update on incorporating important public comments into the 2014 Final Draft Oregon Nonpoint Source Management Program Plan

Jayne and Martha, I want to keep you informed about where we are in finalizing the Oregon NPS Plan with public comments, including yours. We received 13 commenter's response(see the attached document named: OREGON NPS PLAN PUBLIC COMMENTER'S 9-15-14). There were 1075+ individual comments/questions from the 13 commenter's. I have attached DRAFT OREGON NPS PLAN 60-DAY INFORMAL PUBLIC REVIEW AND COMMENT which has all of the comments.

I have prepared a table (not included) that includes important comments that may be

incorporated into the attached Public Review Oregon NPS Plan (6-26-14). These comments were selected for the following reasons:

- Comment Is Either from EPA or Describes How Plan Can Be Rewritten To Better Meet an EPA Requirement
- Comment Identifies Missing EPA Plan Requirement
- Comment Corrects Mistake
- Comment Adds To Better Understanding of Plan
- Comment Covers Each Key Section of the Plan

I have circulated these comments to Gene and DEQ HQ staff for recommendation of which comments should be used in making the final revision to the Oregon NPS Plan. I will then have 2 days to complete the Oregon NPS Plan revisions by this Friday 9/19/14. The DEQ CWSRF program will also be providing edits to the Oregon NPS Plan.

Then between 9/22 and COB Wednesday 9/24 there will be a review of the NPS MP revisions by NPS HQ staff and management.

By COB Friday 9/26 I will finalize NPS revisions.

COB Monday 9/29 Gene will do a Final review. On September, Tuesday 9/30 we submit the Final plan to you, EPA Region 10 by the end of the day.

How's that for a schedule! Any questions please let me know. Don
